IMPORTANT NOTICE

to the foreign students who will graduate in August, 2020.

JIU has changed the rule about the reference letter to apply for Designated Activities Visa (Job Hunting). The new rule started from July 1, 2020.

This change of rule is due to the difficulty of foreigners' job hunting related to COVID-19.

Previous rule:

JIU can issue the reference letter only once. (the visa holders are allowed to stay in Japan only 6 months)

New rule:

JIU can issue a second reference letter in the case in which visa holders hope to continue their job hunting after 6 months stay. (the visa holder can extend their stay up to 12 months.)

※the length of the stay is decided by the immigration office.

What JIU needs to issue the second reference letter:

1. Confirmation that the person has had job interviews with 5 companies after the Designated Activities Visa was issued.

→ Please keep all correspondence from the companies that confirms you had a job interview and the result of it.

2. Confirmation that the person was job hunting diligently.

→ Please report about your job hunting activities once a month between the 5th and 10th of each month. Name of the companies, the dates you had activities like joining job seminars, sending resume, having tests, having a job interview, etc....

3. Confirmation that the person has done no illegal act.

4. Confirmation that the person is not overstaying.
