Office of the  
President

---

Dear Professor Kenji Sugibayashi,

On behalf of Chulalongkorn University, I would like to congratulate Josai International University (JIU) on its 30<sup>th</sup> anniversary celebrations.

We are honored to have collaborated and shared partnerships with your university, especially between our Faculty of Pharmaceutical Sciences and its partner at your institution. The Memorandum of Understanding has provided the opportunity for our students and staff to exchange knowledge, academic and research experience as well as art and cultural activities. I would like to assure you of our continued commitment to expand our collaboration to other areas beyond our existing relationship in Pharmacy. I earnestly hope to work with JIU to achieve this goal to bring more mutual benefits to our universities.

On this special occasion, I would like to wish you and your administrations successes and prosperities in all endeavors. I sincerely hope that our friendship continues to grow and that our joint efforts yield meaningful results with impacts to our society as well as the regional and global communities.

Yours sincerely,

Professor Bundhit Eua-arporn, Ph.D.  
President
