President  
Josai International University

おめでとうございます  
Congratulations

Dear Mr. President,

It brings me great pleasure to congratulate you on the occasion of the 30th anniversary of establishing the Josai International University.

For the last decade, your University has been a leading partner in our cooperation with Japanese institutions of higher learning. More than a dozen students from the Department of Culture of Japan benefited from the exchange program, generously sponsored by the Josai International University. All of them appreciated the opportunity to improve their command of the Japanese language as well as their understanding of Japanese culture, society, and everyday life. They have returned truly impressed by the quality of teaching provided by your staff, friendly atmosphere on the campus and its modern facilities.

Capitalizing on this experience, they promote knowledge on contemporary Japan in Poland, being particularly active in the media. Moreover, some of them were able to find employment in Japan, developing friendly ties between our two countries.

We look forward to continuing the students' mobility as well as hope to have an opportunity to reciprocate your hospitality.

Once again, on behalf of all the faculty and students of our Academy, let me congratulate you and wish you many more years of further impressive success in the area of international communication and education.

これからもよろしく申し上げます。

Yours sincerely,
