JOSAI INTERNATIONAL UNIVERSITY

Dear President Kenji Sugibayashi,

The International Relations team with Director Anne-Marie Michel, and all of our colleagues at the Université Catholique de Lille join with me in expressing our appreciation for the partnership we have been sharing with Josai International University for over thirteen years. This partnership was made official in 2009 with the signing of the academic agreement between our universities. We are proud that Josai International University remains one of our most important partners in Japan. We offer our heartfelt congratulations for the 30th Anniversary of your institution and hope our valuable collaboration will long continue with amity and respect.
