

UNIVERSITY OF BERGEN

Bergen, September 2022

### **Josai International University's 30th Anniversary**

It is with great honor that we congratulate Josai International University on its 30th Anniversary.

Since 2012 The University of Bergen has had the honor and pleasure of cooperating with this esteemed university within the framework of a student exchange agreement.

More specifically the University of Bergen has over the years had the privilege to send several students from its Bachelor Programme of Japanese on a one-year exchange stay at Josai International University, as part of their degree. This has strongly contributed to their improvement of Japanese language and knowledge of Japanese culture and society. The cooperation with Josai has been highly appreciated by our Department of Foreign Languages as well as the University of Bergen as such.

We greatly appreciate the collaboration and look forward to exchanging more students with you in the years to come.

Yours sincerely,

Professor Margareth Hagen  
Rector  
University of Bergen
